What are your expectations for this session?

19 responses

Learn more about the intersection of diversity and AI and how they will change our landscape

benefits to ai cloud resources to practice

To learn more about the opportunities after the course.

Learn about the resources available and how to use them

Opportunity in AI

Networking and finding a starting point for research

To know something about AI and DRA

to know about the ai world...

Getting more knowledge

I expect to learn about AI tools and resources from DRA Canada to enhance my skills, align with job market demands, and connect with like-minded individuals to expand my professional network.

General Learning

Get an understanding of Digital Research Alliance of Canada's Equity

To learn about the opportunity in AI

To learn about the AI opportunities and field in Canada

We lack good computing power for training AI. I expect some resources.

To be informative

I am expecting some help in training LLM, like walking through process of conversational ai with LLM to control it properly.

Good walkthrough AI

To get some exposure about the AI market
